

EZ SERIES 42

THRU-THE-WALL/BUILT-IN AIR CONDITIONERS

PRODUCT INFORMATION

Two-stage electric heat for energy savings!!

The EZ Series 42 units are designed and manufactured for new construction or the replacement of existing Amana, GE, LG, Friedrich, Gree, Trane and all other 42" by 16" PTACs & PTHPs. The product is designed for individually-zoned, comfort-controlled heating and cooling. The unit width is an industry standard 42". We offer our cooling chassis to operate with cooling only or heat pump with back up electric heat, or just straight electric heat. The design standards, heavy duty construction and the focus on indoor noise reduction has created our unit as the premier unit of the future. Standard warranty is a one year parts and labor including five year sealed system part only warranty or a two year parts only including a five year sealed system part only warranty.

FEATURES:

- Dual fan motors
- Quiet and energy-efficient compressor
- Superior temperature control
- Conventional thermostat compatible for heat pump applications
- Modern and elegant appearance
- Washable filter for easy cleaning
- User friendly control panel, remote controller and wall thermostat
- Compressor freeze protection
- Fresh air intake
- Random start-up delay after power failure
- Room side freeze protection (optional)
- On-board Diagnostics

ACCESSORIES:

- 18 gauge insulated wall sleeve
- Condensate removal kit
- Architectural louver
- Sub-base kit
- Electrical sub-base kit
- Wired remote thermostat
- Wireless remote thermostat
- I.R. motion sensor
- Door switch
- Duct kit
- Locking control cover
